Office of Principal, Govt. Shivalik College, Naya Nangal

Action taken reports and achievement reports as clean and Green campus initiatives.

Government Shivalik college, Naya Nangal is deeply concerned and unconditionally believes that there is an urgent need to address these fundamental problems and reverse the trends. Being a premier institution of higher learning, the college has initiated 'The Green Campus' program that actively promote the various projects for the environment protection and sustainability. The purpose of the audit was to ensure that the practices followed in the campus are in accordance with the Green Policy adopted by the institution. The methodology include: physical inspection of the campus, observation and review of the documentation, measurements and recommendations.

It works on the several facts of 'Green Campus' including Water Conservation, Tree Plantation, Waste Management, Paperless Work, beyond the campus Cleanliness drive. Campus, plantation program is organized every year with involving all students, principal, and all departments faculty members. To keep the greeneries in the campus, we regularly maintain the gardens which are looked by staff under the guidance of garden committee members. Moreover, every year we try to plant new trees. Seasonal flower garden is also a unique feature of this college.

3. Reuse of Waste water of drinking water cooler

The waste water is discharged from water coolers. But the drainage of this waste water is used to harvesting the garden area of college.

2. Water Conservation Through “BOREWELL”

Our college has very good water management to support all our water needs. The ground water is circulated to all overhead tanks using borewells.
